Re: Permit Status, Mission Rock, Old Rock Farm, S/019/019, Grand County, Utah

Dear Mr. Thompson:

The BLM Office in Grand County and the School and Institutional Trust Lands Administration (SITLA) were recently contacted as to the status of this permit. The BLM indicated you had expressed a desire to close this file. Mr. Sal Venticinque of the Grand Country BLM inspected this area and indicated that the BLM was willing to release this area if an effort was made on your part to clean up the debris (wire baskets, metal drums, etc.) on the site. The Division and SITLA concurs with BLM's decision and we will also close our file once this work is completed.

When this work is completed you will be released from any further mining or reclamation responsibilities at this site. You will not have to pay the \$100.00 permit fee that was sent to you. If you plan to conduct any new mining activities in this area, you will need to submit the appropriate notice of intention, pay the Division permit fee, and receive written approval, prior to commencing any such activities.

Please respond to this request within 30 days and notify us when this work has been completed. Thank you for your cooperation. If you have any questions concerning this letter, please contact me at (801) 538-5382.

Sincerely,

Doug Jensen
Reclamation Specialist
